DATE MAILED:

Please find below a communication from the EXAMINER in charge of this application.

Commissioner of Patents

The communication filed on March 01, 2002 is *non-responsive* to the prior Office action because Applicants have **failed to comply with the requirement that the correct U.S. parent application be referenced at page 1 of the specification. Mr. Paul Hedley Day is not identified in the PALM system as the inventor for serial number 09/796,982. It appears that this is a typographical error requiring correction.** Since the response appears to be *bona fide*, but through an apparent oversight or inadvertence failed to provide a complete response, applicant is required to complete the response within a TIME LIMIT of ONE MONTH from the date of this letter or within the time remaining in the response period of the last Office action, whichever is longer. NO EXTENSION OF THIS TIME LIMIT MAY BE GRANTED UNDER EITHER 37 CFR 1.136(a) OR (b), but the period for response set in the last office action may be extended up to a maximum of SIX MONTHS.
